Wherry Reunion.

A reunion of the Wherry family in this country will be held in St. Louis from July 18th to 21th. July 20th will be special reunion day, when appropriate exercises will be held in one of the halls of the Hall of Congress, placed at the ser-

vice of the Wherry family by the officials of the St. Louis Exposition.

It is praposed that all of the Wherry descendants, whatsoever name they bear, take part in the reunion, and that they contribute to the interest of the occasion by bringing with them records and family heiriooms, pictures, old deeds and other things that will elucidate their family history.

So far as now known, the earliest Wherry to arrive in this country was David Wherry, who came in 1718, with his wife, Mary, and three children, from the north of Ireland, and settled in Chester country. Pa. so near the Maryland line that as late as 1730 a portion of the land was claimed by a citizen of Maryland. This occasioned much trouble, and caused Governor Gordord of Pennsylvania, to write by special messenger September 13, 1731, to Governor Calvert, of Maryland, who ropiled by return of messenger.

David, the younger son of the immigrant, was born in Ireland in 1711, and was only one year old when brought to this country. Ho was on the Committee, of Safety for Chester county during the Revolution. His fellow members were General William Montgomery and General Anthony Wayne. They were all elders in the Presbyterian church. In 1771 he was named on a committee to provide for families of solders and poor families that were sent out from Philadelphia. He married twice and had difteen children, one of whom died in infancy and twelve married and left children. He died July 9, 1800, aged eighty-three years. In his will, dated December 9, 1791, he numed fourties in the second marriage of David was with Maskington county, PL, where many of their descendants still live, a large number moving into Ohio.

The second marriage of David was with Mask Mackey, also of an early Coell county, PL, where many of their descendants still live, a large number moving into Ohio.
